Re: Proposed paint-striped area near the proposed pharmacy drive-up window  
Meijer Store No. 26 Site Plan Review  
November 2, 2005 Planning Commission Meeting

Dear Mr. Honderd:

This letter is in response to the Township's request at the November 2, 2005 Planning Commission Meeting regarding the above paint-striped area. In accordance with this request, Meijer hereby agrees that the first paint-striped area to the northeast of the proposed pharmacy drive-up window, as shown on Drawing SP1 submitted for the above meeting, will be changed to a raised curb island if the need for such is mutually agreed to by both the Township and Meijer within one year from the date of site plan approval.

The improvements shown on the currently proposed site plan are part of the commitment by Meijer to improve and maintain safe circulation patterns within, to, and from its stores for both vehicle and pedestrian traffic.

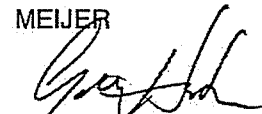

Sincerely,

PROGRESSIVE ARCHITECTURE ENGINEERING
