

GEORGETOWN  
CHARTER  
TOWNSHIP

January 12, 2006

TO: Planning Commission

FROM: DPW Director

I'm opposed to the PUD changes in the ordinance for the following reasons:

- A. Due to the increased work load involved with installing and monitoring dry sewers.
- B. Due to the unknown elevations of which the proposed lift and sewer station would be.
- C. Due to the length of time before the proposed lift station would be in service.
- D. Due to the unprocured property for proposed lift station.
- E. Due to the increased requests that would be involved with other dry sewers in same vicinity.

Dennis Bishop  
DPW Director
