January 19, 2006

Attention: Planning Commission

After a discussion with a representative from the Planning Commission and elected officials, it is the opinion and recommendation of the Public Works Department to deny requests for Dry Sewers for PUD for the following reasons.

1. unprocured properties for Lift Stations
2. unknown elevations for sewers
3. policing action in reference to inactive Dry Sewers
4. unknown elevations for Lift Stations

Denny Bishop  
Department of Public Works Director
