Re: Georgetown CRC Addition  
Project 070163.1

Ms. Mannelle Minier  
Planning Administrator  
Georgetown Charter Township  
P.O. Box 769  
Jenison, MI 49429-0769

Dear Ms. Minier:

On behalf of Georgetown Christian Reformed Church, we are pleased to submit this site plan package for a proposed building addition to the existing Georgetown Christian Reformed Church located at 6481 40th Avenue within the Township. We have enclosed 10 copies of the site plan and architectural floor plan and elevations, Special Land Use - Site Plan application, application fee of \$450 and pdf files of the site plan.

We have revised these documents in accordance with your preliminary comments. On behalf of Georgetown Christian Reformed Church, we are requesting the following special consideration from the Georgetown Township Planning Commission:

- The church requests that the assemblage of 8 separate tax parcels be combined into a single tax description.
- The existing parking geometry within the existing parking areas includes substandard parking spaces by today's ordinance standards. At the same time, the drive aisle widths exceed today's standards. We request that given the fact that these conditions have prevailed without any site parking or circulation problems for the last 25 years, that the Planning Commission allow this condition to remain as is.

Thank you for your assistance in completing this application. We look forward to meeting with the Planning Commission at their August 15th regularly scheduled meeting to contemplate the special land use and the site plan. We are hopeful for Planning Commission approval and subsequent approval by the Township Board at their August 27 meeting.

If you have any questions or need additional information, please contact me.

Sincerely,

Robert E. Bruggink, P.E.  
President
