Georgetown Township Board
1515 Baldwin Street
Jenison MI 49429

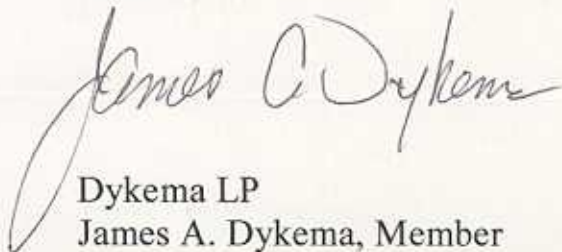

Georgetown Township Board Members:

As developers of the subdivision where the proposed group day care home is proposed to be located, we are opposed to Ms. Browne's request.

We have represented to the people who have purchased lots in this subdivision that this is a single family subdivision.

The permitting of a small business in this single family neighborhood would be a detriment. The number of neighbors using this service will not outweigh the neighbors who would be inconvenienced by the additional traffic and noise.

Thank you,

Dykema LP
