

GTFD Memorandum

TO: Georgetown Township Supervisor
FROM: Chief Hamming
DATE: July 27, 2005
SUBJECT: 18th Avenue Extension
CC: Georgetown Township Board
Planning Commission
Todd Stuve

Bill:

At the Township Board Meeting on July 25, 2005 Todd Stuve from Excel Engineering made mention the Georgetown Township Fire Department approved the plan to not have the 18th Avenue extension. In my letter to Mr. Michael Ply dated June 21, 2005 I stated response times would have a delay of approximately 45 seconds without the extension. I would like to clarify that the fire department did not approve any plan, however I do feel response times would be improved with the 18th Avenue connector.

Respectfully,

Daniel J Hamming
Fire Chief
Georgetown Township
