

Georgetown Charter Township Water/Sewer Committee Minutes

January 9, 2006

Present: Carlton, Mohr & Sterk (Members)

Appeal by Kerwin Boven

The committee denied Mr. Boven's Appeal of sewer and water main assessments, because the letter is clear and Mr. Holtvluwer established the assessments at the time the agreement was made.

Ice Arena Issues

Several issues of the ice arena were discussed, including:

- The Ice Arena ended the year with \$10,000 left. No Township funds were contributed to the arena in 2005.
- Vacation and Holiday pay for the full time arena employees needs to be reviewed.
- The committee recommends to the Township Board the approval for Free Skating during public skate times for Full time Employees and their immediate families. Immediate families are defined as dependents living in the same household. In favor Sterk, Mohr. Opposed Carlton.

Sidewalk Projects

Several sidewalk projects proposed by the Township Supervisor were reviewed. The committee recommends proceeding with the projects including obtaining cost estimates for Board Approval. In favor Carlton, Sterk. Opposed Mohr. (Mr. Mohr indicated he would like to inspect the area's first).
