Georgetown Township  
1525 Baldwin Street  
Jenison, MI 49428

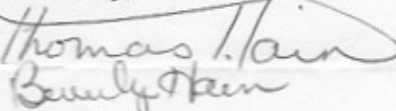

Dear Township Board:

This is in reference to the hearing on SUP0601 to be held January 23rd. We own lot number 12 in Grand View Estates, which is West of the parcel that Chapel Pointe church is going to build on. We would like to draw your attention to a problem which has existed since we have owned the property. A great deal of water drains to an area on the Chapel Pointe property just East of our lot. That water sits for weeks or months collecting from the higher areas. One-year cattails grew and a pair of ducks even raised a family on this small pond.

Our concern is that when they move the soil and create parking lots the water will then run into our property and a pond will form on our lot. We understand they will put in drains but we want to be sure they are adequate for this quantity of water.

Thank you for your attention to this matter.

Sincerely,

Thomas Hain
