

Dear Georgetown Township Board Members,

We would like to express our thanks for the wonderful Saturday, Jan. 20th 2007 at the Georgetown Ice Center that my family and friends had. It was National Skating Month and the event was SUPER, run with a lot of CLASS and organized very well for a smooth flow of figure skaters. Georgetown Ice Center was even mentioned in the United States Figure Skating magazine (copy attached). This magazine goes worldwide to millions of figure skaters. Georgetown Ice Center skating director Amy Marseglia and her staff showed true professionalism and caring for the young skaters and adults on the ice. We love the Learn to Skate program directed by Amy and would like it to continue into summer. Can you imagine a competitive figure skating club and the home rink at Georgetown Ice Center? What publicity for the township but the wonderful venue for figure skaters across the area. Thanks again for a job WELL DONE.

Sincere THANK YOU'S
