

Georgetown Charter Township Water/Sewer Committee Minutes

Tuesday, July 10, 2007

Present: Carlton, Mohr, Sterk
Also present: Mark Leathead

Agenda Items

Port Sheldon Lift Station Repairs.

The committee recommends approval of the repairs to the Board subject to obtaining competitive bids.

Drain Commission Request Rosewood Pump Station.

The committee recommends that the Township participate in improvements to eliminate the Rosewood St. pump station.

Drain Request Schoolside Dr.

The committee reviewed the request from Paul Geerlings for the Schoolside Estates Drain issues. The committee determined that the Township should not be responsible for the improper installation of the Schoolside Estates Drain.

Bauer Construction Request to have Township Pay for Sidewalk in Front of their Construction.

The committee reviewed the request from Bauer Construction to have the Township pay for the sidewalk in front of their construction. No Action was taken.

Water Reliability Study

The committee recommends to the Township Board to conduct a water reliability study. The Study will help determine the size and location for pumps and an elevated water tower.

2008 Budget Review

The committee reviewed 2008 Budget for Roads and Drains.
