**Subject:** Sound Equipment Request for Services Committee

To whom it may concern,

Cottonwood Church would like to hold an outdoor worship service and picnic at Maplewood Park on Sunday, August 25. We are asking for approval to use sound equipment for speaking and singing. We would not use the equipment before 9:30am out of respect for the neighbors. From about 9:30-10:00 we would be sound checking individual instruments. From approximately 10:25-10:40 we would use a band (drums, keyboard, 3 guitars) and 3-4 vocalists for singing. After that our pastor would speak for about 20 minutes. There would be another 10 minutes of band and vocalists after he speaks. We would be completely done using the sound equipment shortly after noon.

Thank you,  
Kathy Feenstra
