After reviewing this information, please contact the Building and Zoning Department at the Township office at 1515 Baldwin St., Jenison, or call 616-457-2340 and we will be happy to provide more information, answer questions and help guide you in the process to achieve your goal.

Georgetown Township is a zoned community which means that provisions have been adopted and are enforced to promote and safeguard the public health, safety and general welfare of the people and businesses of the Township. The provisions are intended to regulate the use of land, buildings and structures to insure their location in appropriate areas, to reduce hazards to life and property, and to provide for orderly development within the Township. Simply speaking, zoning is the tool used by the Township to balance the rights of the individual property owner or property dweller with the rights of the community for the benefit of those who reside or conduct business within the boundaries.
