

Information on installing a fence.

1. A fence up to 6 feet in height may be located in the rear yard of a parcel with a house.
2. Note that a corner lot has a front yard on both streets and a 6 foot fence is not allowed in a front yard.
3. Link to the building zoning compliance application (no fee for fences because it is not required): [\[Georgetown Township\] Building Zoning Compliance Application \(seamlessdocs.com\)](https://seamlessdocs.com/GeorgetownTownshipBuildingZoningComplianceApplication)
4. If you are considering a 4 foot fence within the front setback area, contact the Zoning Administrator, at [VVuong@georgetown-mi.gov](mailto:VVuong@georgetown-mi.gov).
