

Land Split or Property Line Adjustment Application
*(Use this check off sheet to indicated items included with application
and submit it with the application)*

If transfer of ownership of land is involved, approval for a land split or a property line adjustment must be completed in a two-step process to receive final approval.

Step One – After review, if a submitted application is found to meet all ordinance requirements, preliminary approval will be granted. For applications with no transfer of ownership of land, final approval will be immediately granted.

Submit the following to Georgetown Township Office, 1515 Baldwin St., Jenison, MI 49428:

- A completed and signed **Land Split or Property Line Adjustment** Application with the signatures of all affected property owners
- A survey which **MUST** show the following (forward this list to the person/company doing the survey):
 - Existing and proposed lot lines with dimensions in feet
 - Area in square feet of each proposed parcel, along with the proposed width to depth ratio
 - Area in square feet/acreage that is being conveyed from one parcel to the other with dimensions.
 - Dimensions in feet of the width and frontage on a street of each proposed parcel
 - All existing structures, with distances in feet to property lines, including existing and proposed property lines
 - **Existing and new legal descriptions**
- Certification from the Ottawa County Treasurer's Office showing that there are no delinquent taxes. The application and survey can be emailed to the County Treasurer's office at treasurer@miottawa.org or the applicant can visit the Ottawa County Treasurer's office at 12220 Fillmore St., Ste 155, West Olive, MI 49460. The County Treasurer's office will review the application and verify that there are no delinquent taxes owed on any of the involved parcels. If there are no delinquent taxes owing, the County Treasurer's office will place a stamp on the legal description, which must be given to Georgetown Township with the application. There is no fee for this service from the County. The new requirement is a result of the recently passed HB 4055 bill (PA 23 of 2019). It is the applicant's responsibility to obtain the certification from the County Treasurer's office and submit the certification to the Township with the split application
- Verification from Georgetown Township that there are no outstanding taxes and/or special assessments owing. If there are, the amount must be paid off prior to review of the application by the Township.
- \$100 fee.

Step Two-if a transfer of ownership of land is required as part of the proposal – After receiving preliminary approval, the applicant is responsible to record the related deed with the Ottawa County Registrar of Deeds and submit a copy of the recorded deed to the Township. After receiving a copy of the recorded deed, the Township will complete the process and issue final approval.

NOTE – If step two is not completed for an application involving a transfer of ownership of land by having a copy of the related recorded deed submitted to the Township within three months from the date of preliminary approval, the preliminary approval becomes null and void. Any further action would require the submittal of a new application and fee.

I have provided the items listed above, including **verifying that the survey includes all the required elements listed above. I acknowledge that if a transfer of ownership of land is required and I don't submitted a copy of a recorded deed within three months of receiving preliminary approval, all approvals become null and void and I would have to resubmit another application and fee. By signing I acknowledge that there are no refunds for any reason.**

- (6) For a nonconforming lot of record created prior to the effective date of the Land Division Act in 1997, a property line adjustment for the addition of property to the nonconforming lot may be approved with a waiver of the above listed standards if the addition of the property renders the lot less nonconforming. (revised 11/25/2013)

The Township shall further have the authority to initiate injunctive or other relief to prevent any violation or continuance of any violation of this Ordinance. Any division of land in violation of this Ordinance shall further not be eligible for any zoning or building permit for any construction or improvement thereto.
- (2) In addition any person, firm or corporation who violates any of the provisions of this Ordinance shall be deemed to be responsible for a municipal civil infraction as defined by Michigan statute which shall be punishable by a civil fine established by the court with additional costs that may include all expenses, direct and indirect, to which the Township has been put in connection with the municipal civil infraction.
